In the last two weeks of their program, Senior LITs move into their focused chosen practicum area. They choose from KinderCamp or Camp Simchah and work with the LIT director and camp directors to determine time in groups and/or with specialties.

Interested and qualified individuals who successfully complete our 6-week Senior LIT program may apply to work as Junior Counselors for the remaining weeks of Summer at the J 2020.

Senior LITs who do not meet our minimum age requirement by the end of week 6 may be selected to volunteer for weeks 7 and 8.
Camp Simchah offers great programs to meet the needs of our campers – check out the descriptions below for Camp Simchah and Camp Simchah Specialty for 2020!

Camp Simchah campers will have a blast in the classic, JCCNS summer camp model that we all know and love! Our shared campus with Epstein Hillel School allows for a wealth of opportunities both inside and out! Campers will enjoy a daily rotation of Instructional Swim in the Outdoor Pool, Arts & Crafts, Sports & Games, Science & Nature, Free Swim in our Indoor or Outdoor Pools, and some exciting, new, counselor-led group activities. Each day will begin with our energetic morning flagpole, where campers are greeted and prepare for their day. Campers will finish off their day in Choose Your Own Adventure. Each week will culminate with Simchah Shabbat Showcase – songs and performances, presentations, and displays – a time for the whole camp to gather and share what we've accomplished throughout the week!

Specialty campers attend daily from 9am-4pm, with extended care available (see registration form) 7:30am-9:00am and until 6pm. Simchah campers will have daily rotations of classic camp activities, and our oldest camper groups will also get a taste of the Specialty camp offerings within their weekly schedule. Our youngest campers (entering grades 1-2) may choose to register for early dismissal at 1pm. Please note: those dismissed at 1pm might not participate in the full range of camp activities. We highly recommend that all campers attend until 4pm each Friday for Fun Fridays!

Specialty campers attend daily from 9am-4pm, with extended care available (see registration form) 7:30am-9:00am and until 6pm. Campers will have fun developing skills, while also learning the ways in which communication and team-building impact their individual performance. Campers will have the benefit of our incredible aquatics program, and will dive into their specialty for an engaging, fun, and in-depth Specialty camp experience. Our Fun Fridays will also be part of the Specialty camp fun! For more details and specialties see page 10.

The Hebrew word Simchah (שָׁמַחַה) means Happiness and Joy. Here at Camp Simchah, we believe in the power of Camp and the power of Happiness and Joy – so we’ve selected principles that guide everything we do at camp.

**Kindness**

**Being**

Whether you’ve attended a Jewish day camp before or not, we firmly believe that everyone can share in the **JOY** **(Simchah)** that is Camp Simchah! Summertime means **SUNSHINE** **(Shemesh)** – being present outside in nature, at the pool, on the field, with a group of friends who might start as strangers, but who we can call **FAMILY** **(Mispacha)** even by the end of just one week of camp. We model and teach that through **KINDNESS** **(Chesed)** we can develop stronger relationships with one another and have fun. While **BEING** **(Havaya)** in the moment of every camp day, we grow as campers, as groups, and as a camp community – that is the wonderful thing we call CAMP!
Camps who want to spend more focused time on specific activities will have fun developing skills, while also learning the ways in which communication and team-building impact their individual performance. Campers will have the benefit of our incredible aquatics program, as they receive daily instructional swim lessons and then spend their days working on their specialty. Specialty campers attend daily from 9am-4pm, with extended care available, and will dive into their chosen Simchah Specialty camp for an engaging, fun, and in-depth camp experience. Specialty camps also include our Introduction to Health and Wellness program – introducing campers to our fitness offerings and the ways in which health and fitness are integral to their growth through developmentally appropriate activities. Campers may choose to register for some weeks of Simchah Specialty and other weeks of Camp Simchah. Choose the programs they’re most interested in to craft a summer they will love!

Our Tennis specialty returns to Simchah for more great days on the courts! We have put together a fun camp for those who love tennis. Mornings will be spent on skills and various, fun activities including instructional swim, then afternoons will be spent in matched play, free swim, and other activities.

Simchah Specialty is bringing the Brooklyn Art Museum’s (BAM) Sketchbook project to the Summer at the J 2020! Each child will start with a blank BAM Sketchbook (provided by us) and will learn various skills, styles, and techniques for filling their Sketchbook with their own art! Campers will also explore how different mediums can be used to fill their books! Sketchbooks will be mailed (by us) to BAM for the touring Sketchbook exhibit. We’ll follow each book and will get and share updates when books are viewed and where! What a cool way to engage with our greater world community through art!

We’re bringing Ivy-Seed’s highly qualified instructors and academically-based curriculum to camp! Kids at various stages and ages will learn to code in a relaxed and fun, yet serious and meaningful way. Campers will spend most of their day on coding activities and projects, while also getting the fun of summer camp – swim time, outside activity time, and friends!

Campers will love spending a couple of hours each morning learning about food and its importance in our lives – from necessity to wellness, from farm to table – campers will explore foods from different cultures, learn easy-to-replicate recipes and developmentally appropriate kitchen skills all while supervised by our ServSafe® certified staff. Starting with the basics of culinary safety and moving to the ways in which ingredients interact through chemistry, Cooking camp will allow your child to explore what’s possible in the kitchen.

SPECIAL EVENTS ARE SUBJECT TO CHANGE
Here at the J, we are committed to offering something for everyone. As STEM (Science, Technology, Engineering and Mathematics) programs continue to grow in popularity, we’re thrilled to put our spin on these classes, year-round. Following up on our great success with Coding classes through our J Adventure after school program, we are excited to bring similar activities to Camp Simchah this summer! In our Coding Specialty, participants will be led by knowledgeable computer science instructors in how to create fun computer animations while learning about the exciting world of computer coding. These skills support a meaningful and educational computer-based coding experience. We couldn't be more excited to offer this program and look forward to seeing the amazing growth our STEM-loving campers acquire!

Choose Your Own Adventure

Introduced to Camp Simchah in 2019, Choose Your Own Adventure quickly became a favorite part of the day for campers and counselors. Each week, counselors choose and present an adventure they’d like to lead – from Soccer to Ultimate Frisbee, from Dance Party to Friendship Bracelets, from How to Track Animals to Book Nook Reading Time and more – and campers choose daily. Kids get to explore things they never thought they’d do at camp (common phrases in 5 different languages, perhaps?) and spend time with friends who may not be in their regular groups throughout the day! CYOA is a fun way to allow campers an opportunity to choose how they want to spend the end of their day on the hill.

In our daily swim program, we will teach basic and advanced aquatics skills in a safe and nurturing environment, all while focusing on getting comfortable and having fun in the water. Instructional swim follows the same levels and swim progression as our ever-popular school-year aquatics program (J Swim Academy.)

Each camper will be evaluated at the beginning of each week for accurate swim level assignments.

**LEVEL 1: COMFORT**

Beginning swimmers will be introduced to the outdoor pool in a fun and relaxed manner. As these campers begin to feel more comfortable in the pool, they will graduate to levels 2 & 3.

**LEVELS 2 & 3: INDEPENDENCE & TECHNIQUE**

In levels 2 and 3, campers learn to swim front crawl independently with beginner rotary breathing. Campers will learn and improve back crawl, breast stroke, and kneeling and standing dives. Campers at the appropriate level will also begin working on technique and an introduction to dolphin kick.

**LEVELS 3 & 4: TECHNIQUE & SAFETY AND REFINEMENT**

Campers at this level may be ready to try out for our Lil’ Lochs and Sea Serpent teams during the school year.

Campers in levels 3 and 4 will work firmly on technique and will build endurance. They will refine their skills and receive Water and Boating safety. In this level, campers will be completing requirements that make them ready for sailing and other boating endeavors.

In addition to the level 3 skills, level 4 skills will include:

- Freestyle and Backstroke (100 yards each)
- 50 Yards Breast Stroke
- Tread water for 2 minutes
- Water Safety skills using life jackets
- Water Safety skills on boats
- Water Saves

**ADVANCED SWIM TECHNIQUES**

In this level, campers will be learning USA C legal stroke starts, turns and open turns. Skills include:

- Breast Stroke
- Butterfly
- Free style
- Back Stroke

**INCLUSION SWIM PROGRAM**

All swimmers are included in our swim lesson levels based on skills and individual needs. Parents of swimmers who may require additional support, please contact Inclusion Director, Melissa Caplan, at mcaplan@jccns.com.
Leaders-in-Training (LITs)

The Summer at the J Leader-in-Training program follows the experiential learning model by providing instruction and support in goal setting, communication, team-building, growth, and personal and group challenge, while assisting pre-teens and teens in their own leadership development. All LITs may attend a number of field trips, designed specifically with them in mind! We also have two exciting LIT cookouts planned at the JCC! The Summer at the J LIT program has two components: Junior LITs and Senior LITs.

Junior LITs: Those entering 8th & 9th grades are welcome in our LIT program for a minimum of 4 weeks, whether they are new to camp or have been part of our LIT Program before. LITs begin to immerse themselves in the experiential learning model through individual and group activities and initiatives, low ropes elements, service-learning, and fun at camp and beyond! Camp activities, field trips, and service learning allow our LITs to get to know themselves, one another, and the camp and wider community.

Senior LITs: Those entering 10th grade are welcome to apply for our Senior LIT program - a six-week leadership training program that teaches LITs the qualities of a camp leader and allows them to explore and experience camper groups and specialties at both KinderCamp and Camp Simchah – giving Senior LITs a true overview of what our camps have to offer. In this program Senior LITs will be able to experience all of the parts of Summer at the J camps so they can ultimately select which camp and which program best fits their skillset. Those who meet requirements and successfully complete the LIT program may be given the opportunity to work as Junior Counselors for the remaining weeks of summer if positions are available.

For teens to be considered for acceptance into the Senior LIT program, they will be required to participate in our selection process, which includes the following:

Program application, including personal statement describing the candidate’s interest in the position, what they feel they can bring to the position, and what they hope to gain from the experience, two references, and an interview with the Camp Simchah Leadership Team.

PLEASE FILL OUT THE REGISTRATION FORM ON PAGE 25 SO THAT WE HAVE YOUR INFORMATION AND KNOW THAT YOU ARE COMMITTED TO THE PROGRAM. POSITIONS IN OUR SENIOR LIT PROGRAM ARE LIMITED AND SELECTIVE. WE WILL EMAIL APPLICATION INFORMATION ONCE REGISTRATION IS PROCESSED.

INCLUSION PROGRAM

ALL AGES

MELISSA CAPLAN, JCCNS INCLUSION DIRECTOR

Here at the JCCNS, we believe that everyone is welcome and that includes our Summer at the J Camps. Our Special Needs Inclusion Program, led by Inclusion Director, Melissa Caplan, allows children of various ages, skills and abilities to have a positive camp experience. Our specially-trained staff work with children who have special needs to integrate them into KinderCamp, Camp Simchah, Simchah Specialty, and Summer at the J LIT programs. We are also proud to offer employment opportunities for teens and young adults with special needs to work at our camps.

Our counselors, specialists, and aquatics team currently serve campers with Autism Spectrum Disorder, blindness, chromosomal and seizure disorders, ADHD, Cerebral Palsy and intellectual impairments. As we work to provide an equal access camp experience to all campers, we also strive to have every camper understand uniqueness is respectable and we can build on likeness to form our community. We may look or act differently than one another, but the goal of having a fun-filled summer is desired and deserved by each of us. Children of all abilities and backgrounds can form friendships at camp, as it is a safe, positive environment for all.

To register for our Inclusion Program, please contact Inclusion Director, Melissa Caplan, for the registration forms and to schedule the required meeting. It is our goal to gain as much information as we can about your camper in an effort to provide the best summer possible. Our Inclusion Camp is also limited in the number of participants we are able to serve. A waitlist will be created once we reach our maximum camper capacity. For additional information on registering and situations of limited availability, please see the Parent Handbook or contact Melissa Caplan at mcaplan@jccns.com.

The JCCNS runs adaptive/inclusion programs throughout the year for children and young adults with special needs. These programs include Gym and Swim, Drum Circle and partnership with local special needs organizations. Contact Melissa Caplan for more information.

*Registered Simchah campers and LITs will receive information about being added to our Remind 101 groups.
Meet Mad McElroy! You’ve probably already met Mad because she is always around the JCCNS. During the year, she teaches our stellar Masoret classroom of Pre-K kiddos, but in the summer months we are lucky enough to have her exposing our Kindercampers to her incredible passion for art. And her projects are not just the typical “let’s color and paint whatever” kind of projects.

Mad has been at the JCCNS for seven years and at KinderCamp for four years. Last year, Mad became the Art Specialist for KC, and she quickly realized that this was the perfect role for her. She absolutely LOVES teaching art, especially in the summer, under the awning, and in the fresh air. And wait until you read about what she’s doing with these kiddos…

Mad’s passion for art and learning began at a young age. Her own parents exposed her to art early on, as did a very special art teacher at her elementary school. This teacher knew that even young children can benefit from exposure to the mastery of art because as long as they see it as accessible to them, they will be inspired to produce. “For example,” Mad explains, “Jean-Michel Basquiat’s artwork is accessible to children because of the styling and there’s nothing better than realizing that you too can create a masterpiece. So, I brought a lesson about Basquiat to KinderCamp and the kids loved it!”

“Learning through art is an ongoing process,” Mad clarifies. That’s exactly why Mad has continued her study of art with Advanced Art History classes at Lesley. There she learned about Master Artist Francisco Goya, and of course, she did a lesson about him at camp. “I started with ‘The Sleep of Reason Produces Monsters,’” Mad continues. “I talked about it with the kids. It’s intense, but can be simplified for even Preschoolers to interpret. The piece is filled with monsters and bats, but the kids were super into it and made a great project with it.” Mad also incorporates that Goya was from Spain, exposing them to the amazing breadth of expertise from so many different parts of the world. She loves that even though she had to wait until a college class in her 20’s to be exposed to Goya, she is now able to share that knowledge with little kids who can be inspired at such a young age.

KinderCamp Director, Heather Greenberg, can’t say enough about Mad. “She makes everyone around her a better person. She is incredible at what she does, but her positive can-do attitude about just about anything is truly the most infectious part of her.”

When you ask Mad what she loves about KinderCamp? “Are you kidding me? It’s such a happy place, with such great energy. I absolutely love the community and the staff I get to work with. It’s an incredible opportunity to do what I love, and inspire others (no matter how young) to love it too.”

What will she bring to KinderCamp this summer? Well, Mad went to Prague last year and learned about Alfons Mucha, so she plans to add a lesson about Mucha to the repertoire of artists this coming summer. And per Mad, she doesn’t want art to just be something that the kids do for an hour or so at camp. “I encourage all of you to keep your kids interested in various ways… do projects at home or visit the Museum of Fine Arts in Boston.” What an inspiration!
