

HYGIENE AND HEALTH PRACTICES
Hand Sanitizer

In order to protect children and our staff from the spread of Covid-19, we are ensuring and promoting frequent and effective hygiene and health behaviors/practices. To ensure that these practices are continued and to the best of our abilities we are asking parent's permission to use hand sanitizer with at least 60% alcohol **only when handwashing is not available**. Hand sanitizer will be stored securely and used only under supervision of staff. Staff will make sure that children do not put hands wet with sanitizer in their mouth and staff will teach children proper use. (Massachusetts Dept. of EEC June 2020)

_____ I give permission to the JCCNS to use hand sanitizer when hand washing is not available

_____ I **do not** give permission to the JCCNS to use hand sanitizer when hand washing in not available
